

A woman with blonde hair is shown from the chest up, wearing a vibrant, tropical print bikini top with red ties. She also wears a matching patterned headscarf. The background is a bright, sunny beach with a clear blue sky. The overall mood is relaxed and summery.

TRUE COLORS

S U M M E R 2 0 1 9

Rainbows can be observed whenever there are water drops
in the air and sunlight shining through.

Agua Bendita will be there with water drops... you just need
to be the light and reflect your true colors!

Let the pastel hues come through and let yourself shine
bright because the most spectacular rainbow displays
happen when half the sky is still dark with raining clouds.

What matters is that you let your true colors shine:
weather it is a soft palette with a nostalgia touch, a retro
color sensibility, or a brighter tone of a sense of fun and
playfulness!!

Express who you are as our artisanal details accent your
essence with the colors of our artisan women, who with their
hands and their hearts, give a bright spectrum of what we all
are, deep inside!
