# VITA

'ESCAPE TO PARADISE'

**ABGIRL: VITA • ROMANTIC • FAVORITE COCKTAIL:  
APEROL SPRITZ • RITUAL: THE SUN**

Vita has a cheerful and, at the same time, romantic spirit. To start the day, Vita plays her favorite song, dancing and moving her body to activate herself, hugging each of her friends to get the endorphins up. Vita's ritual is the Sun. As food, tropical fruits. His favorite drink for the holidays is the Aperol Spritz.

**Vita means life, vitalism, and vitamin.** This group celebrates energy, where paradise becomes a state of mind that is embodied in fantastical resort prints; We update the 'tropical' concept with perennial fruits and endemic fauna. It is like an imaginary landscape that takes us back to our summer dream. High contrast backgrounds and transitions to soft colors, pieces accented by yellow and orange that represent vitamins c and d.

What she wears: Vita thinks of all the details. On this trip, Vita takes different iconic silhouettes through the years, swimwear, ready-to-wear pieces, and especially accessories. The perfect crochet beach bag, a bucket hat, a necklace, and solid pieces.

# TOUT

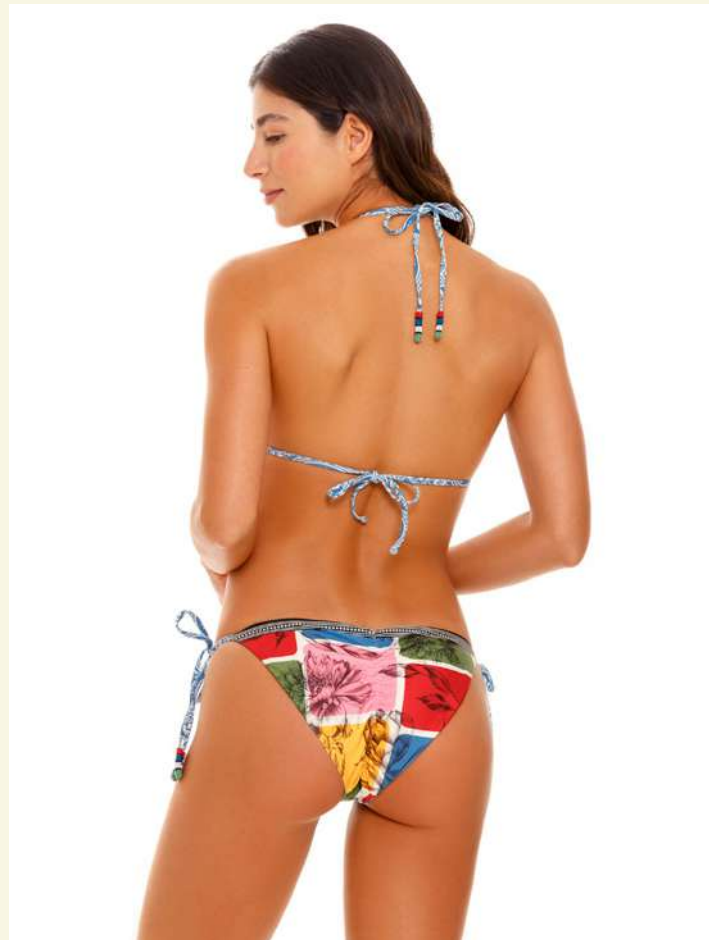

'COMPILATION OF MEMORIES'

ABGIRL: TOUT • FASHIONABLE • FAVORITE  
COCKTAIL: NEGRONI • RITUAL: COLLECT

Tout, is a trendy collector. Her ritual is to find unexpected beauty. Pieces that may seem simple, but with her unique touch, she turns them into pieces full of art. **Tout captures this trip in a scrapbook**, immortalizing the memories and filling them with life. Negroni is her best ally at night, just like citrus scents.

She is inspired by a travel log, in the best style of a scrapbook, a sketchbook in which memories and emotions are recovered. This group captures details by experimenting with mosaics, patterns, and postcards with different illustrative styles that speak with each other but combine irregular shapes, generating an expressive eclecticism in their aesthetics. The color chart is stimulating and emotionally engaging, with neutral colors in representative percentages that allow colors to stand out.

What she wears: Always unexpected. Tout manages to take all eyes. With unique pieces, innovative prints, and daring silhouettes. Assimilating to patchwork, yellow, and red that are mixed, creating pieces never to forget.

# ROSS

'IDYLIC ROMANCE'

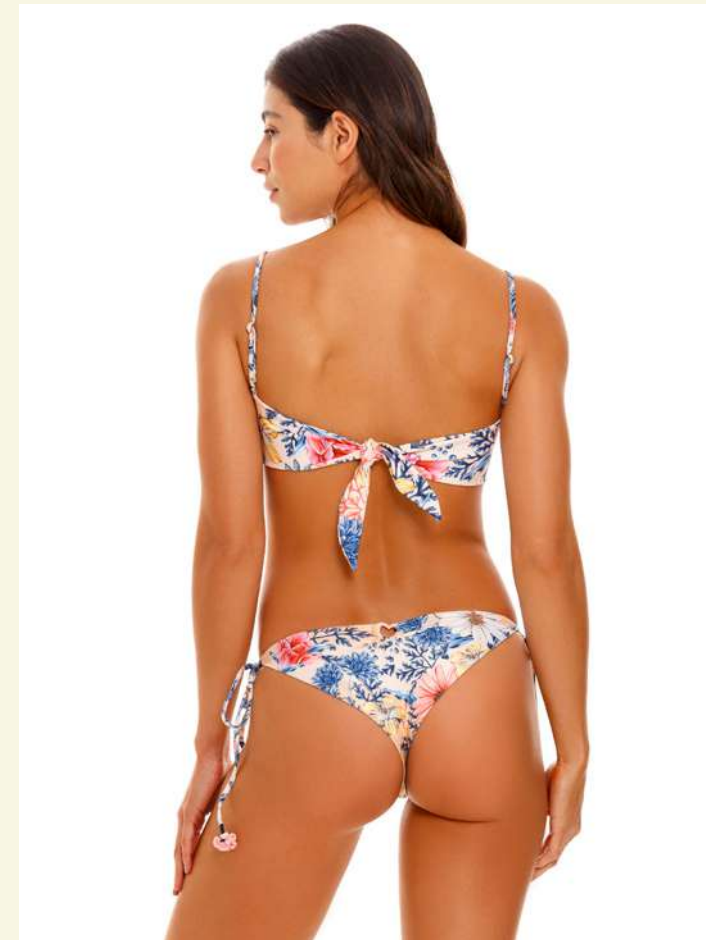

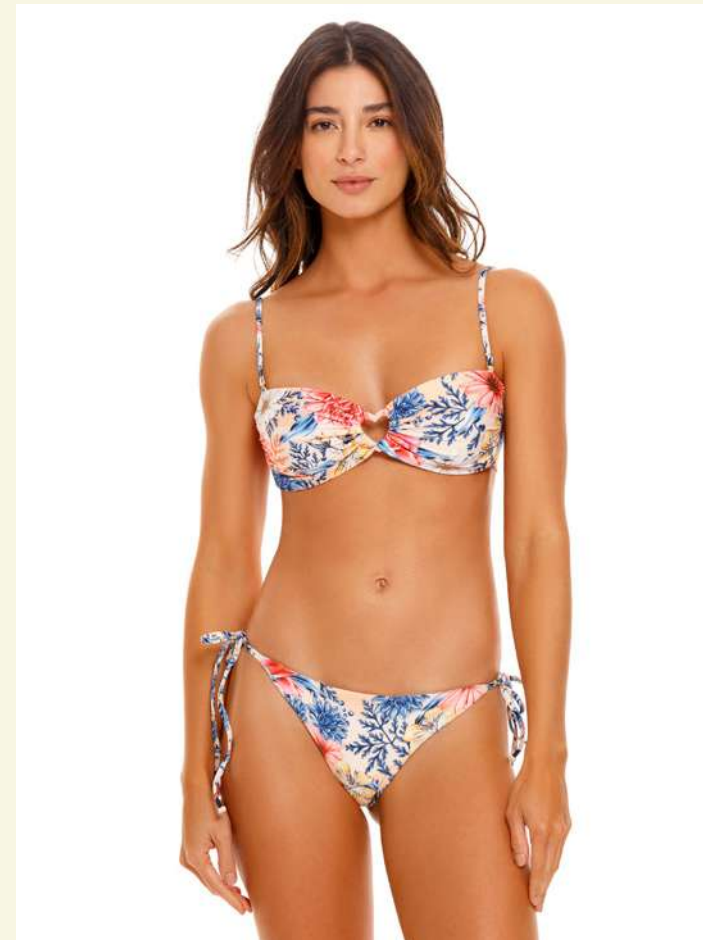

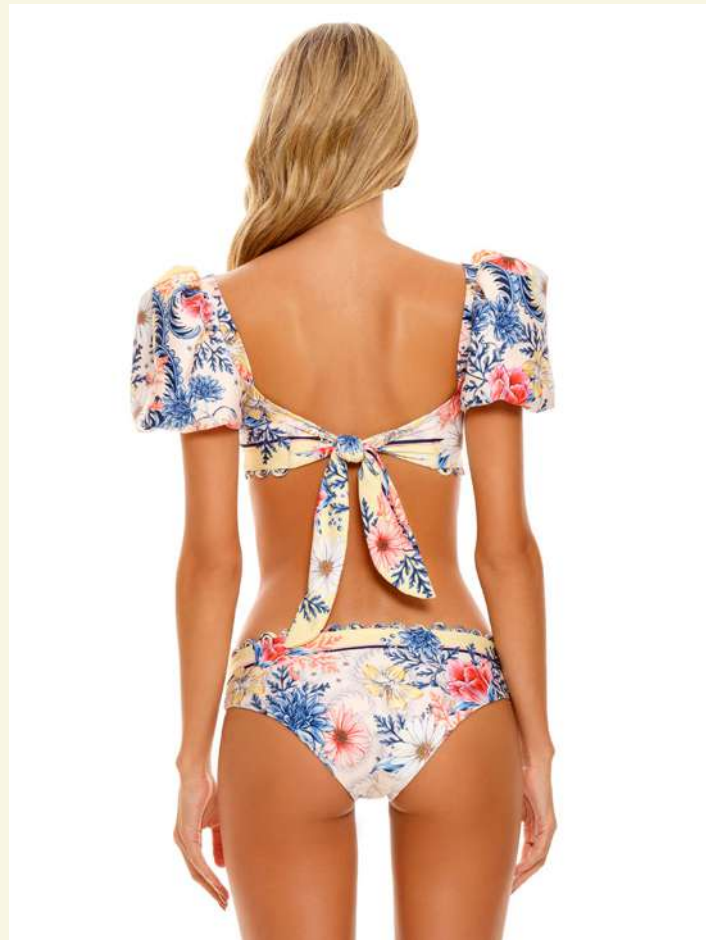

**ABGIRL: ROSS • ROMANTIC • FAVORITE  
COCKTAIL: MARGARITA • RITUAL: LOVE**

Ross, is the best friend with the perfect advice. Her ritual is love. Flowers connect her with her essence. Her favorite hobby is creating bouquets. She loves the water, connecting with the dominant, feminine energy. Ross has the best recipe for a Margarita, and her secret is always to balance the lemon with sweet Agave.

The inspiration for **this group is based on an idyllic, clichéd romance**. Fonts and symbolic resources of the girly are taken, such as the color chart, floral elements, baroque and ornate layouts, and with a special value is the application of the heart; This element is present and is transferred in its literal form to the pieces. Delicate details such as bows, balloon sleeves, ruffles, "blackberry" finishes, and craftsmanship all contribute to enhancing the designs and concept of traditional romance from the code-driven AB vision of the preppy trend.

Ross has a perfect touch in her looks that identifies her, a heart that represents her. Floral mini prints, hearts, blue representing water, and different shades of pink that assimilate love. Pink solids will forever be a must in an #ABgirl's closet.

# SHAKA

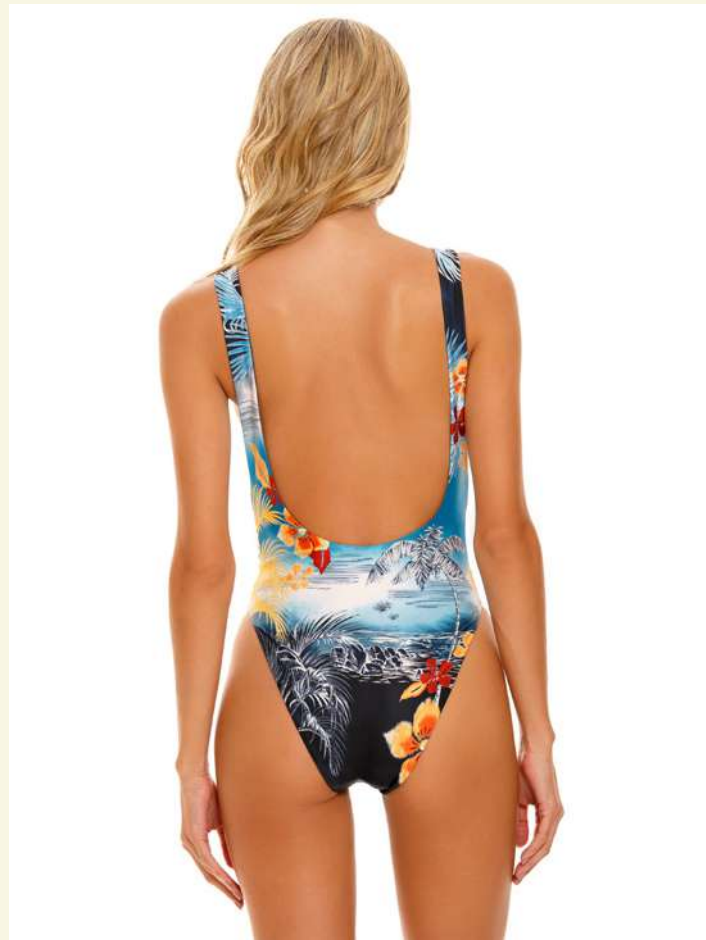

## 'NOMAD LIFE'

**ABGIRL: SHAKA • MAXI-BOHO • FAVORITE  
COCKTAIL: PIÑA COLADA • RITUAL: THE SUNSET**

Shaka is that Boho friend, her ritual is the sunset. Surf, piña colada, the beach, and the sea. For Shaka, summer is represented in the evenings after spending hours under the sun. Her favorite scent is suntan lotion, and her look, beach waves. Her beauty is effortless and natural. Shaka is warm, and she transmits peace. ECO and sustainable. The earth is her home.

It is a vacation memory inspired by a nomadic life, with **tropical looks but with a retro aesthetic**. Shaka is a surfer greeting that expresses a Hawaiian spirit and represents the essence of the islands and the sea. This group includes pieces that address artisanal techniques to make them rustic, and some prints also imitate traditional dyeing techniques such as tie-dye. For its part, the color chart is composed of primary tones but attenuated slightly more vintage, giving that feeling of warmth.

What she wears: Forever, ECO, and sustainable. Shaka always has the ideal pieces for the perfect tan. Also, those comfortable pieces for days full of sun and games. Accessories for all the swimwear pieces, kimonos, sarongs, and a poncho towel as her best ally. Oversize and petit pieces complement each other to create a perfect beach-to-street look.

## 'DOPAMINIC JOURNEY'

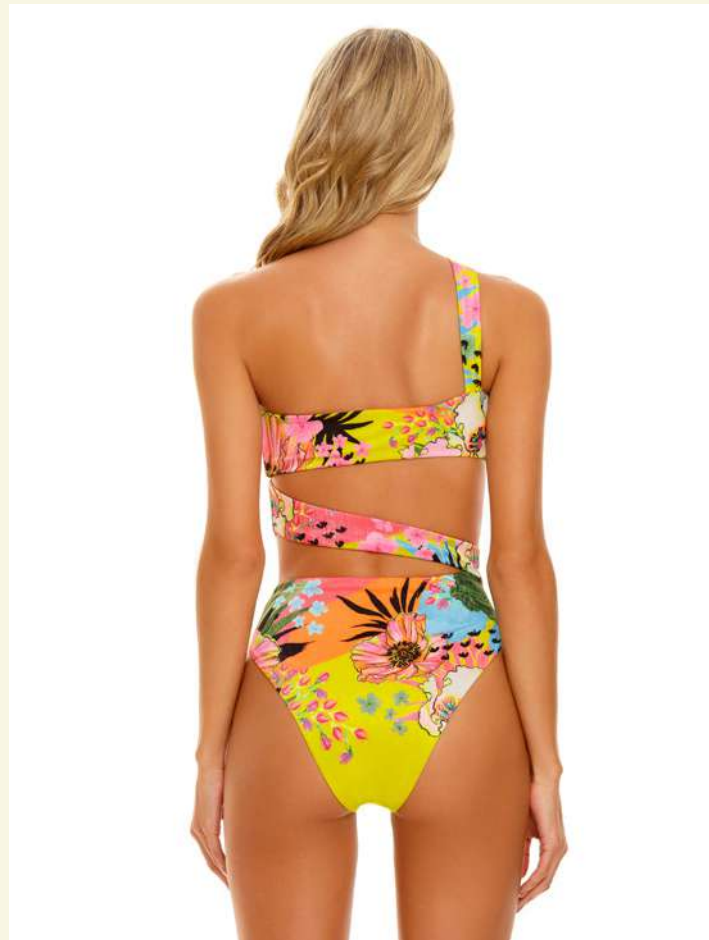

**ABGIRL: BEACH • FASHIONABLE • FAVORITE**  
**COCKTAIL: COSMOPOLITAN • RITUAL: GRATEFUL**

Praia is that friend on the go. With a trendy, romantic, and boho chic spirit. Praia transcends. She knows there is no better ritual than to thank or be grateful. Landscapes, colors, and flowers are her dopamine. Praia is full of energy; she loves to innovate, so her favorite drink is Cosmopolitan. Praia seeks sustainability and is ECO.

A surreal journey that triggers a sensory experience through a fluctuating landscape with **utopian floral species and hyper-vibrant and dopamine colors**, which, applied to the textile base with lurex and with the metamerism effect, distort the perception of details. This group considers a high presence of swim silhouettes and avant-garde accessories aimed at a trendy woman.

What she wears: ECO and sustainable pieces. Asymmetric swimsuits with floral elements. Vibrant colors and the ideal ready-to-wear pieces for the best vacations. Trendy pieces always on the go. New exploratory techniques that are undoubtedly a must this summer.

# SALLY

## 'PORTRAIT OF A WILD GARDEN'

**ABGIRL: SALLY • ROMANTIC • FAVORITE  
COCKTAIL: MOJITO • RITUAL: SUNRISE**

Sally, she's the best company. The one that teaches us the importance of waking up early, going out, and walking barefoot, feeling nature on the soles of our feet while we meditate while looking at a new sunrise. Sally represents vanity. She always has romantic pieces inspired by nature. Her hobby is gardens and flowers, and her favorite drink is the mojito with fresh peppermint and lemon.

**Portrait of a moving summer, a wild garden bathed in the Sun at dawn** but with a nostalgic perspective. We are inspired by nature as a healing resource, with organic layouts and plant structures such as vines, delicate twigs, and stems that emerge; It is complemented by very detailed trims, a resource that rises in the pieces by hand and some silhouettes with full embroidery. In this update of the floral Agua Bendita we redefine romanticism through the chromatic narrative, inspired by germination, with contrasts of fresh and cheerful pastel tones with accents such as green and crimson red in petite proportions, the gradient backgrounds allude to a sky bathed on Sun.

What she wears: The ideal pieces for Summer. Silhouettes that adapt to each moment of the day. This group thinks of every detail. Pieces that can be transformed from the beach to the street. Flowers and more flowers, pastel tones, and techniques such as crochet.

# TONKA

'MEN'

ABMEN: TONKA • FAVORITE DRINK: BEER •  
RITUAL: THE HOLIDAYS

Tonka, our #ABmen. His best ritual is vacations, the sun, the sea, friends, and a good beer. Tonka wants to always be on the move, exploring and discovering new places.

It is a utopian scenario through the **exploration of natural aesthetics in a futuristic way, elements with a liquid aspect, with undulating effects**, and the colors are maltd with a strong presence of black and beige that neutralizes the general perspective of the color chart.

It incorporates outlined elements where the contours are the protagonists. The graphic proposals generate a camouflage effect with the marble and fluid compositions.

What he wears: Tonka wears different shorts with different cuts, and shirts with disruptive prints that go with the shorts. In this group, you will find pieces for every day and perfect accessories for the holidays.

# MERZIN

## 'ESCAPE TO PARADISE'

**ABGIRL: MERZIN • ROMANTIC • FAVORITE COCKTAIL:  
MOSCOW MULE • RITUAL: HANDMADE PIECES**

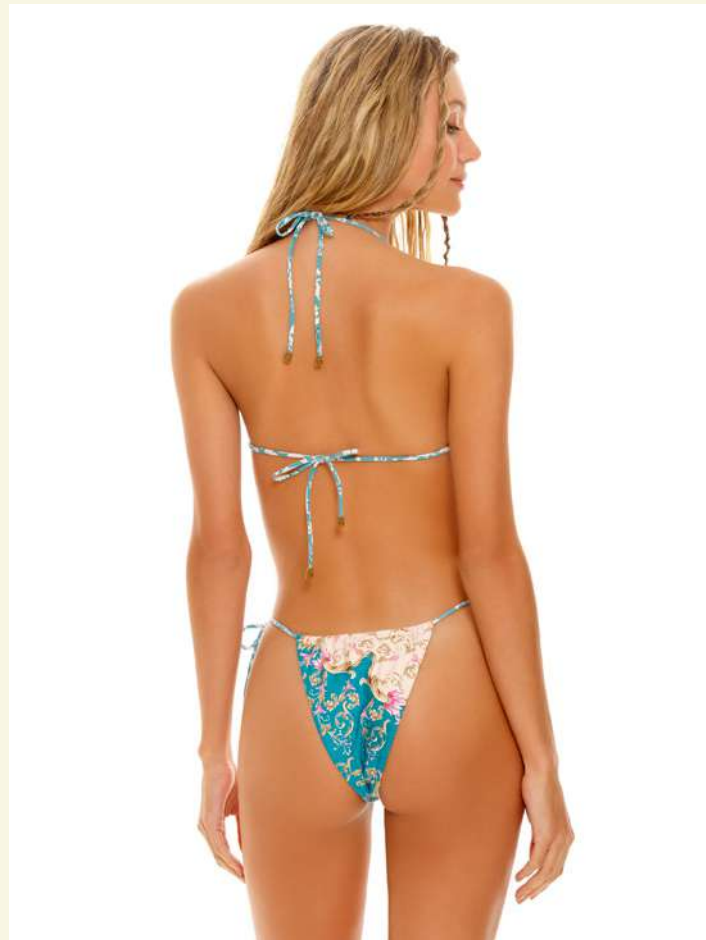

Merzin is bohemian and romantic. She admires artisanal techniques and what is done by hand. She is obsessed with knowing different traditions and art—a sensitive and knowledgeable friend. The Moscow mule is her favorite drink because of its history and trajectory. Her ritual is craftsmanship, handmade pieces full of art and added value.

This group is inspired by the return of the bohemian aesthetic, which favors an artisanal look that evokes the roots of Mediterranean culture.

This subtly romantic story redefines the style of complex embroidery, mosaics, jacquard, and patchwork, combined with natural and floral structures, bringing it to the contemporary scene through risky and sensual silhouettes contrasted with boho and romantic aesthetics.

What she wears: Not your regular classic. With pastel colors and a romantic print, this group evokes the classic as its print is assimilated to patchwork, creating disruptive pieces and asymmetrical silhouettes. This group features unique embroidery techniques and unexpected details like cutouts, hoops, embroidery, and belts.

# EAMES

## HIGH SUMMER 'MAXIMALIST CREATIVITY'

**ABGIRL: EAMES • FASHIONABLE • FAVORITE  
COCKTAIL: CAIPIRINHA • RITUAL: CREATIVITY**

Eames, without her, we wouldn't know what we'd do. Eames is that creative friend, who always finds a solution, how to get a smile and turn every moment into a unique one. The perfect balance, trendy, eclectic, and different. She is not afraid of being disruptive and doesn't fear what's new. Eames's hobby is exploring each new places; since she met Brazil, her favorite drink is the Caipirinha.

This group celebrates **creativity, individuality, and expressive aesthetics through maximalist prints and fresh and bright color contrasts**. The explicit intention of this group is for consumers to create new mix-and-match proposals based on their personality, generating combinations authentic and unexpected. It evokes the spirit of the 60s and 70s; however, in its contemporary perspective, it is a direct invitation to the return of festivals.

What she wears: For Eames, there is no better look than being able to mix & match with her entire closet. For this reason, in this group, you will find reversible pieces ideal for combining. Asymmetrical silhouettes, disruptive colors, and utterly exploratory clothing and accessories. Being with Eames is like traveling to the future.
